

آشکارساز دیجیتال رادن

Best-selling digital radon detector

The first of its kind and best-selling digital radon detector.

Continuous monitoring

Protect your family from the second leading cause of lung cancer with continuous monitoring.

On-screen results

On-screen results show both long and short-term readings for a quick overview of your radon levels.

Results in 24 hours

Unlike traditional radon gas test kits, receive your first indication in 24 hours and no lab fees.

Battery operated

Battery operated and portable so you can take multiple measurements.

Easy reporting

Easily generate a radon self-inspection report to record your measurements.
